Join EMSP and the Lithuanian MS Union in Vilnius at the #EMSP2019 Annual Conference

We are officially 4 weeks away from the #EMSP2019 Annual Conference to be held from 9 to 11 May in Vilnius, capital of Lithuania. In this video, Aldona Droseikiene, Secretary General of the Lithuanian Multiple Sclerosis Union (LISS) invites you to join the European MS community in discovering the possibilities of Digital Health in multiple sclerosis (MS) Management. Don't miss your chance, register now!

World Health Day 2019: European health organisations speak out on Universal Health Coverage

World Health Day’s (7 April) theme this year was Universal Health Coverage. EMSP partnered up with the European Patients’ Forum, and other EPF members, representing the interests of over 150 million patients in Europe to strongly back the WHO’s call on world leaders and policymakers to ensure that all groups can access the care they need, and when they need it. A call on politicians and partners to look for future-proofed, sustainable solutions to improve access to healthcare for all

The Patient Access Partnership (PACT) gathered a wide range of stakeholders - including EMSP Managing Director, Elisabeth Kasilingam - at the MEP Interest Group on Access to Healthcare on February 20 in the European Parliament. Read more

From laboratory to your medicine: EMA's new booklet explains it all

Have you ever wondered how a new medicine is approved for treatment of your disease? We have the answer. The European Medicines Agency (EMA) has published a booklet describing the journey of a medicine for human use, from initial research to discussions on patient access to medicines being available across the EU. This material definitely goes onto our must-read list! Read more

A joint effort for equitable access to employment

The Brain, Mind & Pain MEP Interest Group, hosted by MEP Jeroen Leaners, held its last meeting during this parliamentary mandate on 6 March 2019 in the European Parliament. The event was held under the topic ‘Fighting Discrimination at Work for those affected by neurological disorders and chronic pain conditions’. Learn more

EU Parliament approves final agreement on the European Accessibility Act

On March 13, the European Parliament approved the European Accessibility Act, a landmark agreement which ensures that many products and services are more accessible for persons with disabilities in the European Union. However, it will not make the EU fully accessible. Learn more about what our friends at the European Disability Forum (EDF) think about this new directive by clicking here!
